

**MESSAGE FROM THE BLESSED VIRGEN MARY
TO HER BELOVED DAUGHTER LIGHT OF MARY
APRIL 6, 2010, 2:30 PM**

Beloved children of My Heart:

I INVITE YOU TO COMMIT YOURSELVES TO PRAYER, UNITED AS ONE.

The strength of prayer is an extremely valuable weapon for My children: it is a shield that protects, anchor that keeps the soul in safe port, it is a walking stick to keep you stable, it is water for moments of thirst, tranquility, confidence that increases faith in order to labor in My Son's vineyard.

Each prayer is a spiritual promotion that increases your energy, it provides you with vitality, it gives you courage in the face of all adversity. Prayer allows the human being to submerge itself in the harmony of the Cosmos, and makes it so that man is the recipient of all the blessings that remain in all of creation. Said blessings remain reserved because they do not find mankind suitable to descend upon.

Prayer produces that miracle that makes those blessings converge towards man, elevating him to love God above all things and value Heaven's calls. This is the reason for which I constantly call you to prayer, so that obedience grows in those who are Mine more each day.

Little children: the armies of evil rush towards humanity; they are spreading over the earth like a shadow, and little by little they leave in their wake suffering, suffering, and more suffering. It is a plague invisible to human eyes, but destructive, and it is undermining man, not only on the inside, but on his body.

The cup will continue to pour itself out, slowly, but second by second. This brings closer everyday all that I have announced to you throughout time. Several colossuses will awaken in America. Do not forget that the fire is rising towards the surface of the earth. The dawn will bring suffering, tragedy, death; man will be moved in the face of man's own evil. You will see how the gall of human foolishness, egoism, fanaticism, will bring another sorrow to humanity. Evil is possessing those who live without love, and this lack of love towards God and towards neighbor creates egoism, and egoism, fanaticism.

MY PEOPLE MUST REMAIN VIGILANT.

You know that it is time for the fulfillment of prophecies and these previous instants are labor pains: everything will be fulfilled according to what has been indicated, one by one, little by little. Little children, do not try to measure God's time with yours; several prophecies can converge in a few days, since time has accelerated. My Angels are prepared to defend My children.

The moment in which each one of you will confront his own truth is closer, the WARNING is closer. Pray, make reparation, repent, convert; do not allow confusion to divert you from the path, help one another, remain united, do not separate yourselves.

I invite you to pray the Holy Rosary every day. Do not desist, pray the Holy Rosary, do not stop on this journey of prayer for the Church and for yourselves.

My children, be instruments of love that elevate prayers for all of mankind. Today I call fathers and mothers to take up again the ancient and holy devotion of signing their children. This act makes blessing rain down upon them, and helps them on their way. The youth need to be blessed by their progenitors.

**MY CHILDREN ARE COURAGEOUS. YOU KNOW THAT I PROTECT YOU,
THAT I REMAIN BEFORE YOU WITH MY HAND EXTENDED
TO BRING YOU INTO ME AND TAKE YOU TO MY SON.**

I am the Arc of Salvation.

I love you.

Mother Mary.

**THE INSTRUMENT'S COMMENTARY
ON THE MESSAGE OF LOVE FROM THE BLESSED VIRGEN MARY
APRIL 6, 2010, 2:30 PM**

Brothers and Sisters:

A Mother that speaks clearly, concisely and precisely to Her children. A Mother that tell us: if you do not pray, you do not walk. She tells us the importance of prayer, how essential prayer is for our life as true children of God. Whoever does not pray does not nourish himself spiritually. No matter how many good wishes we posses, no matter how many good intentions we have, if we do not pray, were are empty, without spiritual strength. Let us remember that our Jesus would retire to pray with His Father. He had His time **ALONE WITH GOD.**

And we ourselves must do this, at this moment in which we are pressed for all the spiritual arms we have. Furthermore the strength of brothers and sisters united in prayer has an infinite reach and value; and this is even proven scientifically.

We must pray for our Church. She has asked us on repeated occasions and when the Mother warns it is for something. She does not come to announce calamities, She comes to prepare us and to give us the weapons and the remedies in order for us to confront what is coming. Furthermore, She offers Herself to us as an **ARC OF SALVATION** so that we have the confidence that **A MOTHER DOES NOT ABANDON HER CHILDREN.** And in this not abandoning, She: Mother Mary, always when saying good-bye tells us: "I bless you, I love you." That is what is lacking in mankind: blessing one another, loving one another, wishing one another well, in order to uproot egoism, avarice and pride.

Mother Mary calls fathers and mothers to retake that very important weapon that is signing their children, because man's word has power. God has given us power in the word and we must use it so that it is blessing, so that our children, upon leaving home, go now with that word of power coming from the mouth of their parents who wish them every goodness.

She tell us that in all of creation there exists that blessing for us, and that in the measure in which we are the reason for blessing, we will be blessed by all of creation. Man, because of his free will, has turned finite that which is infinite. We must attract blessing; that is why we are urged to pray the Holy Rosary that will defend the Church against the attacks of those who because of fanaticism, will insult the Church, the throne of Peter. We must pray the Holy Rosary in order to protect one another from the minds fanaticized by radical sects, which proliferate every day without being conscious of the reach of their satanic acts.

Our Mother well tells us: the armies of evil are rushing against mankind. This is very true, more than we think. I see a shadow, but firm at the same time, very compact, slowly advancing against the earth. It is a shadow of suffering and calamity that takes hold of the minds empty of love. This makes nature, which seeks the light, react, and desirous of finding the light again, it shakes so that the shadow passes.

Of course it is a plague invisible to our human perception, but one that we see and do not want to shoo away, the shadow of communism that grows more each time and establishes itself with power in many governments of the world; the shadow of the lack of commitment to the priestly ministry in some of those who are consecrated, the shadow of sexual depravity, the shadow of drugs, the shadow of adultery, the shadow of false prophets, the shadow of false idols... of course it is a shadow invisible to our eyes, because we do not want to see it. It is a plague that spreads more every day, destroying man.

The Mother tells us not to measure the time of the fulfillment of the prophecies with our time, because for God there are no impossibilities, and a succession of events can take place quickly. Therefore, let us prepare for conversion, for evangelization through our testimony of life.

Again She evokes the CUP that spills itself out over humanity, the tragedy for America, the Middle East and Africa.

We are called to fulfill our mission as the PEOPLE OF GOD, WE MUST PRAY WITHOUT TIRING, FOR ONE ANOTHER AND MAINTAIN UNITY IN ORDER TO STRENGTHEN OURSELVES MUTUALLY.

This time in which we live -or instants as Heaven tells us - is so difficult that already the angels are prepared to defend us and to defend the Church, because the Church is navigating in muddy waters. And again She warns us about the fulfillment of the warning, not to grieve us, not to overwhelm us, but so we WAKE UP FROM THE LETHARGY.

WAKE UP CHURCH, PEOPLE OF GOD WAKE UP!

LET US NOT WALK AMONG THE DEAD; WE ARE ALIVE!

LET US PRAY, LET US PRAY, LET US PRAY. LET US NOT TIRE OF PRAYING.

PRAYER IS STRENGTH, IT IS A SHIELD, PRAYER IS NOURISHMENT
