

**MESSAGE FROM OUR LORD JESUS CHRIST
TO HIS BELOVED DAUGHTER, LIGHT OF MARY.
APRIL 24, 2010**

Beloved children:

MY LOVE CALLS TO YOU; TURN TO ME.

I bless you, I am Love and I come to offer you all of My Mercy.

Repent, come, and congregate.

This instant in which mankind moves must not make you wait in order to return to Me.

My Mother's calls are fruit of Love for each one of Her children. Our House continually insists so as to reach the depth of men's hearts and move them to conversion, since without faith, it will be very difficult for My own to confront the imminent events of great magnitude that are coming.

I DO NOT FRIGHTEN YOU. MY MOTHER DOES NOT FRIGHTEN YOU.

As fruit of Our infinite Love towards each human being, We alert you. Our calls obey the proximity of events that are painful for all of you, which will cause great astonishment. The earth, man's cradle, has been abruptly destroyed throughout time, and today you My beloved, have transformed its surface and this has transformed the earth's interior. It burns from its center, and man in his disobedience, attracts nature's inclemency like rivers of fire that rise towards the surface.

My Mother has warned you and called your attention. Her pleas are not in vain. The earth will tremble and again all of humanity will suffer for this reason. The waters will move, man will weep. It is time to pray and make reparation. Love compels Me to convoke you urgently to pray for one another. **I DO NOT PUNISH, I DO NOT PUNISH.** My children flog themselves, product of their own free will.

MY CHILDREN: RETURN TO ME.

I love you, you do not walk alone. My Spirit dwells in each one of you and today urges you to conversion.

Be faithful to fraternal love, so in that way you help one another.

I love you and bless all those souls that labor without rest evangelizing to My People, making My calls known.

Remain in My Peace.

Your Jesus.

**THE INSTRUMENT'S COMMENTARY
ON THE MESSAGE FROM OUR LORD JESUS CHRIST
APRIL 24, 2010**

Brothers and Sisters:

Our Lord stresses to us the permanence of His Love so that we are not discouraged in the face of such a reminder about the sorrowful situations that the revelations that Heaven has given us from so long ago warn us about.

Again the Divine Mercy is offered to us so that we are encouraged and we return with confidence before the Father, who is ONLY LOVE. He wants to saturate our _entrails with faith, yes, He wants our faith to be so alive that it covers our whole being, that it circulates in our being like blood circulates through our body so that we remain standing before so many events that are being announced to us.

Our Lord tells us: imminent events of great magnitude will take place now, and that the whole world will suffer.

Let us think a little scientifically in order to help explain to our relatives. The center of the earth burns and as Our Mother has told us in previous calls, the fire rises to the surface and we will suffer its consequences. There are dormant volcanoes that are going to erupt and cause horror. Now the Lord also tells us that the waters will move and if the waters move, which cover three quarters of the earth, what will happen....?

If some earthquakes have affected the earth's axis and the days have shortened, what will happen now? If global warming is affecting the whole world, what will happen now? ... if we have destroyed the ozone layer and solar storms can give off a part of their mass in a single blow sending it into space and towards us, what will happen?

And if we stop to think that our body is mostly water, how will an event related to the planet's water affect us? Human being are principally made up of water; water is in all of our organs and is transported to all parts of our body to help us with physical functions. When we do not absorb enough water, we become dehydrated. We understand now why Heaven calls us insistently to pray; the same thing that happens with the body, happens with the spiritual. If we do not pray we become spiritually dehydrated, if we do not receive the Body and Blood of the Lord we become malnourished. We must turn to God and we must ask for Mother Mary's intercession to remain secure.

The Lord tells us: the earth will tremble, and we see how day to day it trembles as if preparing us for the great event and all those submerged in their ego, will continue to live their life as if nothing were happening.

As for that said previously, we clearly understand, that it is time to **PRAY**, it is an urgent moment. Let us think that the **pain** we feel for those who do not obey and take no notice of the Divine **pleas**, must be offered as a prayer to make reparation.

WE ARE BEGINNING THE GREAT TRIBULATION.

BROTHERS AND SISTERS LET US UNITE.

GOD PROTECTS US; LET US GO ONWARD WITHOUT LOSING HEART, FOR IN THE END CHRIST KING OF THE UNIVERSE WILL TRIUMPH.

AMEN.
