

**MESSAGE OF THE BLESSED VIRGIN MARY
TO LUZ DE MARIA
DECEMBER 4, 2025**

Beloved children, receive the blessing of this Mother who loves you.

Beloved children, you are celebrating the season of Advent; it is not [only] a recollection of the waiting for the Birth of My Divine Son, but you find yourselves at the exact time when each of you should continue focusing on conversion (cf. Mk. 1:14-15; Acts 3:19).

Beloved children, when you convert, you experience a new life: it is a complete experience that leads you to plumb the depths of yourselves and see yourselves as you truly are; then a total purification of the senses occurs, which will not go back to being as human as they were.

**EACH OF YOU NEEDS TO CHANGE; EACH OF YOU NEEDS TO DO SO
PERSONALLY IN ORDER TO LEARN TO LIVE WITH SPIRITUAL RESPONSIBILITY.**

Beloved children, you are living in various situations that distract you from the center of your life, which is the Triune God:

The scenario of dangers threatening humanity and of which you are very fearful...

You are living in economic instability, which worries you greatly...

The political context is uncertain for you as humanity...

You are living irresponsibly as regards the diseases about which I have warned you and which are dangerous...

The religious context is a concern, as you are being pressured to refrain from professing your faith...

You live in fear of not having the technological means that allow you communicate...

AND HOW MANY OF YOU ARE CONCERNED ABOUT SAVING YOUR SOUL? (cf. Mt. 10:28)

Beloved children of My Divine Son,

YOU ARE GOING TO FACE GREAT EARTHQUAKES (1), AND WITHOUT MY DIVINE SON IN YOUR HEARTS,

What is your hope?...

How will you overcome what you will face?...

How will you continue without becoming discouraged?

YOU ARE GOING TO FACE PHENOMENA COMING FROM NATURE WHICH YOU HAVE NOT EXPERIENCED BEFORE, AND -

Where is your faith?...

Where is the inner breath that sustains human beings?...

With what inspiration are you going to continue living?...

Beloved children, water is a scourge for humanity; wind combined with water will leave populations devastated, and nature's agony of will keep you in a nervous state. Nature is being altered by the magnetic effects of the sun and the comet (2).

Beloved children of My Divine Son, the struggle is raging, and with it, the West Indies will suffer as a result of contempt and disregard for the Triune God, coupled with the desire for possession on the part of those who believe they can dominate everything.

Beloved children, you will find yourselves unprepared - eating, talking, gathered in various places, and suddenly everything will change; the speed with which usurpers will come to various European countries will cause surprise. My children, cornered and taken hostage, will be taken to other places. You will see countries betraying others that pretended to be their allies. The earth's surface will be changed by exposure to so many weapons and aggression from man himself, until it becomes almost impossible to use it for food.

My beloved,

YOU ARE DIVINE PROPERTY, DO NOT FORGET THIS... BUT AT THE SAME TIME YOU MUST LIKEWISE FULFILL THE DUTIES OF A CONVERTED CHRISTIAN.

You should keep a place in your homes prepared so that you will not be seen, inasmuch as this is possible. Beloved, protect your children in safe places in your homes - places not visible to the naked eye, and there the Angels of My Divine Son will offer them protection.

Children, the economic situation will become increasingly difficult, and this will be the case throughout the world. Diseases are becoming present with greater force; try not to stay in crowded places; disease travels stealthily, wreaking havoc.

AS A MOTHER, I WARN YOU AND WANT YOU TO PREPARE. Those who cannot prepare for what is to come should not panic, yet one thing must not falter - faith and fidelity to the Most Holy Trinity.

My children, as a Mother, I will not leave you on your own, but will help you, and together with Me, the Armies of the Heavenly Host.

Pray with your hearts, with a firm and trusting spirit, for those who sincerely ask My Divine Son will have their prayers granted.

You are My beloved children; I am with you.

THE ETERNAL FATHER HAS GIVEN ME THE TASK OF BEING THE GUARDIAN AND DEFENDER OF HIS CHILDREN.

I am beside My children.

Mother Mary

COMMENTARY BY LUZ DE MARIA

Brothers and sisters,

With each Message we find ourselves confronted with a stronger, closer, more forceful Call, facing which there is no path other than that of choosing the good and fulfilling the First Commandment of God's Law. Conversion is necessary in order to survive and remain serene in the face of so much that we are going to experience.

In this season of Advent, let us resolve to be different - let us await the commemoration of the Birth of the Infant Jesus with love and deep respect for Our Blessed Mother, so that, like Her, we would be able to utter that 'Fiat' which sealed Her life with the salvific event that Her Divine Son then delivered to us on the Cross.

We are at a moment of convergences. We see how the world situation is becoming increasingly complicated, with the unexpected happening from one moment to the next. Nature surprises us with underwater volcanoes and very strong winds, while water continues to enter cities. We will receive more earthbound elements coming from the universe; similarly, the sun's constantly intense activity is not stopping, altering tectonic faults.

What can we do? What should we do at this moment?

Believe in God's promises, seek the help of the Holy Spirit, be true children of God, being aware that we are free in order that we would choose the good.

As Mother, She announces to us what is happening and at the same time describes how God the Father is sending Her to guide and protect His children, commanding the Heavenly Legions together with St. Michael the Archangel in order to protect us.

Faith leads us to trust firmly in the Divine Promises, but at the same time we know that our God will free many souls from pain and take them with Him so that they would not suffer, and for this we must also pray and ask for strength.

Brothers and sisters, it is difficult to read or hear about so much that is happening and will happen in this generation, but how has this generation responded to God, to His requests since the first apparitions of Our Mother on Earth?

We are God's creatures. Let us turn our gaze toward Him and give thanks for each day, for all of life's lessons, and for His Mercy, which is infinite. Let us be better children of Our Blessed Mother.

Amen.
